SUMMARY

I'm a full-stack developer transitioning from running my own pastry shop. Closing my business was a deliberate decision to pursue my long-term passion for technology. Managing my shop strengthened my discipline, problem-solving skills, and ability to perform under pressure — qualities I now apply in my job, as *I'm eager to contribute to meaningful projects, collaborate with talented teams, and create technology solutions that deliver real value.*

TECHNICAL SKILLS

Languages: HTML, CSS, JavaScript. **Libraries:VS.** **Databases:** MySQL. **Tools:** Git, GitHub, VS Code.
